SENATE AND HOUSE.

Roger Q. Mills Sworn In as United States Senator.

AN INTERESTING PROCEEDING.

Many House Members Avail Themselves of the Privilege of Seeing the New Senator from Texas Take the Oath of Office—Proceedings of the Senate and House.

WASHINGTON, March 31.—The swearing in of Mr. Mills, senator-elect from Texas, formed quite an exciting incident in the opening proceedings of the senate yesterday. There was no unusual crowd in the galleries, but there was a continuous buzz on the floor, and many of the members of the house availed themselves of their privileges of admission, and filled the reserved space at the back of the senators' seats on the Democratic side.

ROGER QUARLES MILLS

Mr. Mills was escorted to his desk by his colleague, Mr. Coke, and subscribed the oath of office at the clerk's desk with somewhat more than the usual perfunctory accompaniments of this act.

Mr. Chilton, who was appointed by the governor of Texas to fill the position made vacant by the resignation of Mr. Reagan, obtained leave of absence some days ago and practically took leave of the senate. Mr. Mills, on being sworn in, took possession of the seat heretofore occupied by Mr. Chilton in the second row, on the right of the vice president, one seat diagonally behind that occupied by ex-Secretary Vilas, of Wisconsin.

The bills and petitions introduced during the morning hour were quite barren of public interest.

Mr. Dawes, of Massachusetts, called up the pending and partially completed Indian appropriation bill, but after a whispered conference with the senator from California, informed him that he had to leave for California and before leaving he desired to address the senate.

Under these circumstances he (Mr. Dawes) would yield the floor to the senator from California.

Mr. Stanford thereupon delivered a speech in favor of his legal tender dollar bill.

After finishing his remarks, Mr. Stanford moved to refer his bill to the finance committee, which motion was adopted. The senate then resumed consideration of the Indian appropriation bill, the pending question being agreement in the house proposition to transfer the control of the Indians from civilian Indian agents to army officers.

HOUSE PROCEEDINGS.

Changes Made in Several Committees and the Tariff Debate Resumed.

WASHINGTON, March 31.—The following resignations from committees were announced by the speaker: Mr. Hopkins, of Illinois, merchant marine and fisheries, and postoffices and post roads; Mr. Enloe, of Tennessee, postoffices and post roads, and Mr. Hayes, of Iowa, education.

The following appointments were announced: Mr. Crain, of Texas, interstate and foreign commerce; Mr. Hopkins, of Illinois, ways and means, vice Mr. McKenna resigned; Mr. Dunphy, of New York, merchant marine and fisheries; Mr. Pickler, of South Dakota, Indian affairs; Mr. Hayes, of Iowa, postoffices and post roads; Mr. Enloe, of Tennessee, education; Mr. Wheeler, of Alabama, postoffices and post roads; Mr. Robinson, Pennsylvania, Columbian exposition. Directors to the Columbian hospital for women and lying-in asylum, Mr. Crain, of Texas, and Mr. Buchanan, of New Jersey.

The following bills were passed: Extending the privileges of immediate transportation to the city of Marquette, Michigan.

To authorize the construction of a bridge across the Mississippi river at Dewitt, Carroll county, Mo.

Bill for the relief of John Warren.

The following bills were reported: For appointment of three commissioners from the retired or active list of the navy to the Columbian historical exposition at Madrid in 1892.

To encourage American ship building. The bill admits to American registry only a limited number of high class steamships already running on established lines, the benefit of whose organization will apply to any new tonnage constructed.

Mr. McMillin, of Tennessee, said it was the purpose of the ways and means committee to close general debate on the wool bill Saturday next and asked unanimous consent that the house should take a recess at 5:30 o'clock until 8 o'clock at night, the evening session to be devoted to the debate on the pending tariff bill. Agreed to.

The house went into committee of the whole on the tariff bill (Mr. Blount in the chair). Mr. Blount, Democrat, of

Iowa, taking the floor in advocacy of the measure.

At 5:30 the house took a recess till 8 o'clock. The following gentlemen spoke in favor of the free wool bill: Mr. McClellan of Indiana, Mr. Pearson of Ohio, Mr. Miller of Wisconsin.

Mr. C. W. Stone opposed it. At 10:15 the house adjourned.

LAI'D TO REST.

Removal of the Remains of Walt Whitman at Camden, New Jersey.

CAMDEN, March 31.—Between 11 o'clock yesterday morning and 1 o'clock in the afternoon several thousand people viewed the body of Walt Whitman. The "Good Gray Poet" looked as natural as in life and those of his friends who had not been able to see him during his last illness were pleased to find his face as calm and placid as if he had just lain down to sleep.

Among the friends and admirers of the late poet present were: George W. Childs, Julian Hawthorne, Colonel Robert G. Ingersoll, Horace Howard Furness, Dr. Daniel G. Brinton, John Burroughs, J. H. Johnston, Lincoln L. Eyre, J. H. Stoddard, Francis Howard Williams, Talcott Williams, Dr. R. M. Buck, Thomas B. Larned, Horace S. Traubel, Judge Charles Garrison, H. L. Bonsell, Rev. J. H. Clifford, Harrison S. Morris, Herbert H. Gilders, H. D. Bush, Julius Chambers, Thomas Eakins, A. G. Cattell and Edmund Clarence Stedman.

At 2 o'clock the body was taken to Harleigh cemetery, in the outskirts of Camden, and a public funeral service held. As Whitman himself had wished, no clergyman participated in the exercises. The service was begun with the reading of the Scriptures and the dead poet's works by Francis Howard Williams, of Philadelphia. Addresses were then made by Thomas B. Larned, of Camden; Dr. Daniel G. Brinton, of Philadelphia, and Dr. R. M. Buck, of London, Ont., the friend and biographer of Whitman. Colonel Robert G. Ingersoll made the concluding address, which was an eloquent eulogium of the dead poet's life and works and his service to the cause of democracy. The body was then consigned to the tomb, which was constructed under Whitman's direction three years ago.

STILL STARVING.

Russian Peasants in Urgent Need of Assistance.

ST. PETERSBURG, March 31.—Reports received from the American agents in the distressed provinces contradicted the statements that have been circulated in the United States that the peasants are in no further need of assistance. These statements have created much anxiety among the peasants who are in urgent need of corn, especially seed corn. They fear that the statements will deter Americans from sending further aid.

Mr. Murphy, one of the American agents, will issue an appeal to the German-American people for aid. He says that there are in the distressed provinces 300,000 German colonists, 250,000 of whom are Lutherans and 80,000 Catholics, who are in distress, who appeal to their kinsmen in the United States for aid. The crops have failed for several years, and there was not a drop of rain for ninety-two days in 1891. The colonists have been decimated by spotted and typhus fever.

The government has done all in its power to relieve the sufferers, and has expended over 200,000,000 roubles. Aid must be speedy in order to be effective. If the German-American citizens will send a shipload of unground Indian corn the peasants will be enabled to grind part of it in their own windmills and to sow the remainder. Mr. Charles Emory Smith, the United States minister here, will see that it is properly distributed among the colonists, who have been instructed how to cook it.

Death of an Old Judge.

BALTIMORE, March 31.—Judge Peter Wood Crain, who was appointed to his first judgeship in 1846, died yesterday. He was eighty-seven years of age and his death was due rather to a general failing of his physical faculties than to disease, for his brain remained as bright as ever. Judge Crain was a well known and very popular character. After serving for fifteen years as judge of the first judicial circuit, he was appointed to succeed Judge Cochrane, of the court of appeals. In 1867 Judge Crain retired from the bench to resume his law practice.

Growing Wheat Injured.

WABASH, Ind., March 31.—The recent windy weather, followed by cold rains and freezing, has inflicted serious injury on the growing wheat in this county. Prominent farmers estimate the damage at from 25 to 40 per cent. Some fields are perfectly bare, and others are decidedly "spotted." Small fruit has also suffered severely from the cold weather.

London Workmen Led by a Negro.

LONDON, March 31.—A meeting of unemployed workmen was addressed last evening by a negro named Wade, who made a violent speech. Wade put on a red cap and led the men to the office of the London county council to demand employment. The police met the crowd at the entrance to the office, in Spring Garden, and forced them to retire. Wade and two others were arrested.

Not Known at the State Department.

WASHINGTON, March 31.—Inquiry at the state department fails to confirm the press dispatch from Indianapolis, Ind., that the United States had agreed to pay \$20,000 out of the contingent fund of the state department as damages for the murder of the Italians in New Orleans.

Child Fatally Burned.

COLUMBUS, O., March 31.—The four-year-old son of Frank Ferguson, conductor on the High Street line of the Consolidated street railway company, was fatally burned yesterday. His clothes caught fire from a grate while his mother was absent.

BIG CONFLAGRATION

Raging in the Capital of Burmah.

HUNDREDS OF LIVES LOST.

Two Thousand Five Hundred People Injured and Twenty-Five Thousand Families Homeless and Suffering for Food and Clothing—Thousands Will Die Unless Aid Is Rendered Them Immediately.

CALCUTTA March 31.—Dispatches from Mandalay, the capital of Burmah, say that a fire has been raging since 11 o'clock last night. Three-fourths of the city is now in ashes, and the fire has not been checked. Among the buildings already gone are the old palace, the new government telegraph office, and two convents. The whole business portion of the city has been swept away.

The loss of life has been between seventy-five and one hundred already, so far as known, and scores of persons have not been accounted for. No search has been made for bodies as the people have been fleeing to the open country trying to save their household goods and escape the intense heat which envelope the ruins. They are camping at a distance from the city without food or shelter and calls for help for them have been sent out by the authorities.

The fire is said to have been caused by the coals from a fire in a native's hut in the lower quarter of the city. There is no provision against fire in the city and the people did not wait to fight it, but fled panic-stricken before it. The roads to Amarapura are crowded with fugitives, who will seek help in that city. The suffering will be intense, as the rest of the city will be destroyed and about 25,000 families will be homeless.

Chief Secretary Symes has appealed to the English in Rangoon for aid. He telegraphs that thousands will die unless food and medicine for the injured are sent at once. Several physicians have left Rangoon for the city and food will be sent at once.

The residence of Sir Alexander Mackenzie, chief commissioner, was burned and two of his servants mortally injured.

The total number of those severely burned is thought to be about 2,500.

Latest reports say that the loss of life was underestimated. It may reach 200, and perhaps more, although many now thought to be dead may have been only missed in the confusion or may be on their way to near-by villages in search of food and shelter.

DYNAMITE EXPLOSION IN PARIS

It Proves to Be Only An Explosion of Gas.

PARIS, March 31.—The report of an explosion in the building of the Credit Lyonnais, was greatly exaggerated by rumor. It appears upon careful examination that there was nothing more than a slight explosion of gas in the basement.

At first the news spread like wildfire that anarchists were carrying out their threats of attacking the banking institutions, and that much damage had been done to the bank. The officials, however, became convinced, after a thorough investigation, that the anarchists had nothing to do with the matter, and that only an accident had caused the explosion.

Forty foreigners, suspected of being engaged in anarchical plots, have been ordered to quit France. The number included Germans, Russians, Swiss, Italians and other nationalities. They were given twenty-four hours to get out of the country. Any of them found in France after that time will be imprisoned.

The services in the Church of St. Merri last night were disturbed by a riotous mob, who sang the "Carmagnole," and were otherwise disorderly until dispersed by the police.

LIFE'S BRITTLE CHORD SNAPPED.

Death of the Belgian Minister of Foreign Affairs.

BRUSSELS, March 31.—The Prince de Chimay, Belgian minister of foreign affairs, is dead. He has had a remarkable career. His full name is Marie Joseph Guy Henry Philippe de Riquet, Prince de Chimay et de Caraman, and he was born Oct. 9, 1836, being the son of the celebrated Prince de Chimay, who came to the front when the resolution of 1830 made Belgium a nation and represented Belgium at The Hague, Frankfurt, Rome, Florence and Paris.

The late prince was notorious for his family experiences. In 1857 he married Marie de Montesquieu Fezenac, by whom he had three daughters. He married again about three years ago a lady about forty years his junior. His sister, Valentine, was married in April, 1861, to the Prince Paul de Bauffremont, from whom she was divorced, afterward becoming the wife of Roumanian Prince Bibesco. The validity of her divorce has been disputed by the courts.

Prominent Attorney Dead.

ASHLAND, Pa., March 31.—M. M. Lavelle, one of the most prominent attorneys of the Schuylkill county courts, died at his home in this place yesterday.

DOESN'T END IN SMOKE.

Our New Powder Just as Powerful as Any Foreigner's.

WASHINGTON, March 31.—Some very gratifying results have been obtained with a hand-made sample of smokeless powder at the naval ordnance proving ground at Indian Head. The tests with the powder made by the ordnance bureau's chemist at Newport have hitherto been confined to small arms, including the one, three and six-pound guns and the 4-inch rapid firing gun, promising results having been obtained in all cases.

With charges about one-half those used with the ordinary powders the velocities were increased from 150 to 200 feet per second with no increase of chamber pressure. The naval chief of ordnance at the time expressed the hope that smokeless powder might come into exclusive use in all guns of 4-inch caliber and below it.

The test which has just taken place was with a 4-inch gun and with an 8-inch gun. In the former weapon a thirty-three-pound projectile was used, with a powder charge of five and one-half pounds. The velocity obtained was 2,160 feet per second at a pressure of 14.6 tons.

In the case of the 8-inch gun an eighty-pound projectile was used, as is done in the foreign service. The powder charge was sixteen pounds and there was developed a velocity of 2,415 foot seconds and a pressure of 13.6 tons. These results compare favorably with those obtained abroad under much better conditions. This seems to settle the question, if any ever existed, of the merit of the naval smokeless powder.

TRIED TO KILL HIS FAMILY.

Bloody Work of Joseph Leichter, an Old Soldier, at Findlay, O.

FINDLAY, March 31.—Joseph Leichter, an old inmate of the soldiers' home, at Dayton, who has a family in this city, came home about a week ago and began abusing his wife and daughter. After breakfast Wednesday morning he procured a hatchet and started to kill his two daughters, both young ladies, whom he blamed with being the cause of the trouble between himself and wife.

Before any of the family realized his intentions or could procure assistance, Leichter cut his oldest daughter down with a blow on her head which cleft her skull, and then attacked the second child in the same way, and in a moment she was weltering in the blood which flowed from a ghastly wound in the forehead.

His wife, coming to the rescue of her children, met the same fate, and all three are now lying in the throes of death, while the inhuman father is in jail, and laments the fact that all was not instantly killed, which he asserts was his full intention when he began his bloody work.

Leichter has always been a dangerous man, and all his life has been guilty of many an inhuman act, serving one term in the Ohio penitentiary for shooting his little son. The wife and daughters are respectable and hard-working women, but the husband and father has always been a drinker and desperate man.

None of the victims of the tragedy are likely to live until evening, their wounds being of the most horrible character.

WHOLESALE POISONING

An Attempt Made by Some Unknown Person.

HAMILTON, O., March 31.—Mary Anstett, aged eighteen, whose parents live near Venice, and who is a domestic at the Lake View hotel in this city, owned by Philip Stepp, was arrested, charged with having attempted to poison Stepp, his wife and four children by placing poison in the eatables at supper Monday evening last.

A doctor was summoned, and after several hours of labor brought them about all right. The matter was kept very quiet and from the papers. Mayor Larsh arrested the girl Tuesday afternoon and drove her in a coupe to the station house. They were kept there all Tuesday night and released yesterday, as no proof could be found. Who put the poison on the supper dishes is a mystery.

Collision of Engines.

READING, Pa., March 31.—A fatal accident occurred on the Frackville branch of the Reading railroad last night. A large engine with a train, which was coming down the steep grade, got beyond the control of the crew, and ran away. After running several miles the locomotive collided with a light engine, wrecking both, derailling a number of cars and instantly killing Joseph Troy and John Bauer, brakemen of the light engine. They had gone to sleep on the platform in front of the engine. John Bull, another train man, was fatally injured. The engineers and others of the crew escaped by jumping before the crash came.

May Amount to Millions.

CLEVELAND, O., March 31.—As developments are made in the Paige bank failure case, the situation becomes more and more alarming. It is now rumored that two or three Cleveland banks who have spurious paper issued by Paige in such quantities as to make them exceedingly shaky. The amounts involved are now pretty sure to amount to millions instead of thousands as was at first supposed. Great quantities of paper issued by Paige are held in nearly every city of northern Ohio, but just how much of it is worthless has not yet been learned.

NEW YORK, March 31.—The body of Johanna Matzoni, an Italian woman, was found in front of No. 3 Sullivan street early yesterday morning. She had jumped out of a third story window and fractured her skull. Her husband says he recently discovered that she had been unfaithful to him and cast her off. This drove her insane and led to her desperate act. The police are inclined to believe the Italian's story, but will make a thorough investigation.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & MCCARTHY,
Proprietors.

THURSDAY, MARCH 31, 1892.

The Louisville Times is away off when it speaks of Hon. W. H. Wadsworth as opposing the resolution to instruct for Major Burchett in the county convention a few days ago. Mr. Wadsworth did not attend the convention. It was Mr. A. A. Wadsworth, who opposed the resolution and not his father.

THAT was an expensive joke George Washington Curtis, stenographer to the Revisory Commission, attempted to play on some members of the Legislature. It was a sort of boomerang, and knocked him out of a ten-dollars-a-day position. The Revisory Commission can now fill the vacancy with a good Democrat.

A CERTAIN citizen of Maysville was granted a pension of \$12 a month a few days since. Most every one who knows him was surprised at the news. In conversation yesterday with another citizen who fought for Uncle Sam in the late war he said: "Why that man never knew what it was to be a soldier." If that is true, it is difficult to understand upon what grounds the man is now drawing a pension.

OFFICIAL CALL

For a Democratic Primary and for Precinct and County Conventions.

PRIMARY ELECTION.

At a meeting of the Mason County Democratic Executive Committee, Saturday, March 26, 1892, it was ordered:

First—That a primary election be held in each of the voting precincts of Mason County, Saturday, April 16, 1892, from the hour of 8 o'clock a. m. until 7 o'clock p. m., with one hour intermission for dinner, for the purpose of selecting Democratic nominees for the offices of Sheriff and Circuit Court Clerk, to be voted for at the November election, 1892.

Second—That said primary election shall be held at or near the customary voting places within each precinct, and the voting shall be *viva voce* and made a matter of record, and the election shall be conducted by two judges and one clerk, who shall count the votes and all certify thereto immediately after closing the polls. Said clerk shall be the custodian of the poll books and return same to the Chairman of the Executive Committee on or before Monday, April 18, 1892, and the said clerk shall vote on all questions when the said judges are unable to agree.

Third—The Chairman and Secretary of the Executive Committee, and Squire James Earnshaw, shall constitute a board for examining the poll books and giving certificates of election, and the said board shall examine the poll books Monday, April 18, 1892, and issue certificates to the persons that have received the greatest number of votes for each of said offices.

Fourth—All persons that have heretofore voted the Democratic ticket, and such young men as the judges may be satisfied are Democrats, and that will be entitled to vote at the November election, 1892, shall be entitled to vote at said primary election.

Fifth—The expenses of said election shall be paid pro rata by the candidates, and the money therefor must be deposited with the Chairman of the Executive Committee before April 9, 1892.

PRECINCT CONVENTIONS.

It was furthermore ordered that the Democrats of Mason County assemble at customary places in their respective voting precincts at 2 o'clock p. m., Saturday, May 14, 1892, and select delegates to a convention to be held at the court house, Maysville, Ky., Monday, May 18, 1892, at 2 o'clock p. m., for the purpose of selecting delegates to represent Mason County in the Democratic State convention, which meets at Louisville, Ky., May 25, 1892.

Neuralgia Cured in Fifteen Minutes.
Mr. J. S. Sturtevant, editor of the Waupaca (Wis.) Post, says: "Last night Chamberlain's Pain Balm cured my wife of neuralgia of the face and tooth in fifteen minutes. We would not be without it." Fifty-cent bottles for sale by Power & Reynolds.

A Clean Sweep This Year.

G. B. Galbreath, of Murphysville, Ky., says that 50 per cent. of Mason County Tobacco has been purchased, as compared with 20 per cent. same time last year. He also says the country is being cleared of all old tobacco, all scattering hogsheads of the past five years growth being bought up. He is one of the reputable shippers to this market, and says the 1892 crop will come on the market with the smallest stock held in the country for years.—Western Tobacco Journal.

Religious News.

Says the Winchester Sun: "The meeting at the Christian Church closed Sunday night, March 27th, and will go down in the history of the church as the most remarkable revival ever held here. Rev. I. J. Spencer, the regular pastor, carried the meeting through three weeks unassisted, and the results are very encouraging to the cause of Christianity. There were 122 additions."

The Hazel Green Herald tells the following coincidence: "Two weeks ago, a protracted meeting was held at Lee City, in Wolfe county, and the following preachers were engaged: Elder Leander Lacy, Elder Leander Clear and Elder Leander McGuire, all of whom were named after Leander Cox, a great Whig leader in Kentucky many years ago."

THE LEGISLATURE.

No Session Yesterday—Points as to Bills Now Pending in the General Assembly.

The Legislature was not in session yesterday, having adjourned in order to give the Republican members a chance to attend the State convention at Louisville.

One of the important measures now pending is the act introduced by Representative Dickson to amend the exemption laws. The bill exempts \$750 personal property from execution, instead of a cow and a calf, a horse, a plow, etc., as at present. It is mainly in the interest of the poor man and mechanic in cities who has in his possession none of the articles exempted under the present law.

The act providing for the election of special Judges of the County Courts says if for any reason the regular judge can not sit, the parties to the action may agree on some attorney to act as special Judge, and if an agreement can not be reached the attorneys present shall elect one of their own number to serve, who shall be paid at the same rate and have the same power as the regular Judge.

The Spalding Fish bill prohibits seining, dynamiting, rock fishing, set nets, inch nets with rings from bank to bank, and requires fish ways over all dams. In view of the fact that U. S. officials are stocking all the streams of the State with food fish, free of cost, it is the opinion the measure should pass.

The bill to prohibit the playing of base ball on Sunday has been reported favorably.

The bill to amend the statute on "Turnpikes, gravel and plank roads" proposes to substitute for the word "impassable" in the present law, the words "Out of repair, so as to interfere with ordinary travel or hauling." The bill also provides for \$50 penalty per day for every day in which toll is improperly charged.

It is expected that a vote will be taken in the Senate to-day on the Separate Coach bill. Two important amendments have been offered. The first provides that each compartment of a coach divided by a good and substantial wooden partition shall be considered a separate coach within the meaning of the act. The other gives the conductor and his assistants police power.

The bill on salaries fixes the Governor's salary at \$8,000 per annum, without any perquisites except an unfurnished dwelling. The salary of the Governor's private secretary is fixed at \$1,500, Judges of the Court of Appeals \$5,000 and Circuit Court Judges \$3,600, instead of \$3,000 as at present. All the salaries fixed are to take effect after the expiration of the terms of the present incumbents.

The pending act to increase the school fund and to direct its receipt and disbursement, and direct the pay of County Superintendents, provides for the addition of a tax of 1 1/2 cents on the \$100 to the school fund already provided, and directs that County Superintendents shall be paid for their services 15 cents each for the first 1,000 or under of all children of school age in his county, 12 1/2 cents each for all over 1,000 and under 3,000, 10 cents each for all over 3,000 and under 5,000, 7 1/2 cents each for all over 5,000 and under 10,000, 5 cents each for all over 10,000 and under 20,000, and 2 1/2 cents each for all over 20,000. These amounts are to be paid out of the common school fund of the State.

OUR NEIGHBORS.

ABERDEEN.

Don't forget Monday is election day. Tom Madigan has gone to Louisville to work. L. D. Poor, for Marshal, solicits your support Monday, April 4th. Mayor Ellis and William N. Campbell were in Georgetown this week. Fresh meats, best grades, goods delivered by second street meat shop. Dr. Stevenson and family visited Decatur friends and relatives Monday. Ben Campbell, of river fame, being a noted engineer, is resting up at home here. W. F. Griffith, Democratic nominee for Township Clerk, was in town Wednesday. W. A. Rist and W. C. Dietrich attended the Flemingsburg stock sales last court day. Give Uncle Jess a hint next Monday, and be rewarded by knowing you have done a good deed. For the best tobacco fertilizer on earth see W. E. Clark, at Enterprise Warehouse. Tobacco packed in No. 1 shape at low prices. The Dr. J. W. Guthrie drug store is now open under the management of a competent pharmacist from the School of Pharmacy of Cincinnati.

J. M. Sutton is temporarily filling the position of watchman on the steamers Silver Wave. He is still in the ring for Marshal, and requests his friends to please look after his fences during his absence. Walter Durrum, of Blue Lick Springs, was here visiting his mother Sunday. Everybody here is Walter's friends, as they know him to be a clever, honest, worthy young man, and the firm who employs him, J. H. Hunter & Co., can shake their own hand in congratulation on having an employee who will always work to their interest. Walter may success always attend you, as you are deserving.

This community was shocked to hear of the death of W. H. Herbert, Jr., at Georgetown, Wednesday morning, March 30th, where he had been for some time as a juror. Billy had been sick nearly all winter, but was thought to be getting better. He was a young man of clever, social qualities, and had numerous friends who sympathize with his family in their trouble. He leaves a wife and one child to mourn their loss.

A Remarkable Cure of Rheumatism.

Messrs. Cage and Sherman, of Alexandria, Texas, write us regarding a remarkable cure of rheumatism there as follows: "The wife of Mr. Wm. Pruitt, the Postmaster here had been bed-ridden with rheumatism for several years. She could get nothing to do her any good. We sold her a bottle of Chamberlain's Pain Balm and she was completely cured by its use. We refer any one to her to verify this statement." Fifty-cent bottles for sale by Power & Reynolds.

The Books of 1891.

The last number of The Publishers' Circular gives the usual analytic table of books published in England during 1891. The grand total is 5,706, made up of 4,429 new books and 1,277 new editions. These figures show a slight decrease on those of the previous year, a larger decrease on those of 1889, and a very considerable decrease when compared with the grand total of 1888, which was 6,591. There has been no material variation of recent years in the proportion of the several classes, except that novels are still growing steadily. Since 1880 the total number of novels (new and old) published in a year has increased from 580 to 1,316, or more than twofold, and miscellaneous (including pamphlets) has increased from 553 to 781, again more than twofold.

On the other hand, arts, sciences and illustrated works have decreased from 479 to only 116, or less than one-fourth; and theology has decreased from 975 to 627. The annual output of poetry seems to remain constant at between 100 and 170 volumes; while the new editions of old poetry, which come into competition with contemporary verse, also remain pretty constant between 40 and 70 volumes.—London Academy.

A Railway to the Source of the Amazon.

The government of Bolivia has granted to Fernando Cerdana, an Argentine engineer, an important concession for the construction of a railway from Oruro, Bolivia, to the head of navigation on the Amazon river, in the heart of the rubber region of Bolivia. The construction of this road will connect the mineral regions of Bolivia with the Atlantic, and thus give cheap transportation to Europe.

The government of Bolivia has guaranteed Senior Cerdana 6 per cent. interest annually for twenty years on the capital invested, has given him nine miles on each side of the proposed line from which to take materials for construction purposes, and in addition has granted him 100 square leagues of land, to be taken at intervals from the territory adjacent to the road.—London Engineer.

A Precaution Against Influenza.

Of all the precautions taken against the spread of influenza none are more thoroughly good in intentions than those which have been adopted at Dover. The authorities there have posted up notices to the effect that a penalty of five pounds will be inflicted upon persons exposing themselves in public places when suffering from the malady. But it is disputed whether the malady is contagious, though that it is so has become the general belief.—London Tit-Bits.

Fifty-one Pearls in His Oyster.

Fifty-one pearls, eight of them pale and almost white, the others brown or black, were found in an oyster served on the half shell to a customer at Tomlinson's restaurant yesterday. The customer tried to eat the oyster. Supposing it to be full of gravel he made the interesting discovery.—Pottstown Cor. Philadelphia Record.

The eldest son of Emperor William has inherited his father's talkativeness. He makes military addresses to his little brothers at table. He is not yet ten years old.

The importance of the nitrate beds of Chili is shown from the fact that the output last year was valued at \$30,000,000.

THE MARKETS.

CINCINNATI TOBACCO MARKET.

[Tuesday.]

The breaks were very small, only 101 hds of old and 143 of new, making 244 hds, which was 85 less than same day last week. There was a fair attendance of buyers, but the quality of the offerings, as is usual on Tuesdays, was of very inferior quality. Old trashes and lugs were in good demand, and the market was quite firm. Nothing approximating good or choice on sale.

All grades of new were in good demand, and the market was steady and firm. Of the 101 old hds (old) 11 sold from \$2.20 to \$3.95, 40 from \$1 to \$5.95, 40 from \$6 to \$7.90, 10 from \$8 to \$9.40. Of the 143 hds (new) 13 sold from \$1 to \$3.80, 65 from \$4 to \$8.90, 42 from \$6 to \$7.90, 12 from \$8 to \$9.75, 6 from \$10 to \$11.25, 4 from \$13 to \$15.75.

FOR HARRISON.

Kentucky Republicans Indorse the President for Re-election.

Cox and Burchett to Represent the Ninth at Minneapolis—Delegates at Large.

The Mason County delegation to the State Republican convention returned this morning from Louisville.

The convention adjourned at 2 a. m. A permanent organization was effected yesterday by the election of Major A. T. Wood, of Mt. Sterling, for Chairman, and Editor Sam J. Roberts, of Lexington, as Secretary.

Some time was spent last night in settling the contest between the Stoll and Denny delegations from Lexington. The matter was finally settled amicably, the two leaders indulging in a hugging match.

Colonel W. O. Bradley, Judge Denny, John Feland and Jordan O. Jackson were chosen delegates-at-large to the National convention. Jackson is from Lexington, and is the first colored man to be chosen as delegate-at-large by Kentucky Republicans.

The resolutions indorse the McKinley bill and protest against free coinage. President Harrison was indorsed, and the delegates instructed to vote for his renomination.

The Ninth district convention organized by electing Senator Huff, of Fleming, Chairman, and R. D. Davis, of Ashland, Secretary. Wm. H. Cox, of this city, and Major Burchett were unanimously chosen as delegates to the National convention. W. S. Guggell, of Bath, was nominated for District Elector, and Senator Ed. Daum, of Bracken was chosen District Committeeman.

"UNCLE TOM'S CABIN."

Mrs. Stowe Got the Inception of Famous Story During a Visit at Washington.

It may not be generally known, but such is a fact, that Mrs. Harriet Beecher Stowe got the inception of her "Uncle Tom's Cabin" during a visit to the family of the late Colonel Marshall Key, at Washington, this county. She had made the acquaintance of one of Colonel Key's daughters, it seems, while the latter was visiting or attending school in the town in which the great novelist resided, and afterwards Mrs. Stowe visited Miss Key at her home in Washington and remained quite a while. Her predilections, of course, being against slavery, she was on the outlook for anything she could make use of against it.

Frequent sales of slaves took place in the court house yard and the lady had a good opportunity to see and hear how such affairs were conducted, and, from other things, to note the workings of the institution of slavery in general. Her fertile imagination was not long in seizing hold upon such a fruitful theme as the foundation of a story that has had such a run as few works of fiction has ever attained, old and young devouring its pages with equal avidity; and it seems a pretty generally received opinion that it had as much to do with precipitating the war between the States as any other cause. Be that as it may, it must be conceded by all "fair-minded people" that the authoress of Uncle Tom's Cabin has had her name made immortal by the book.

The writer has recently learned from a trustworthy source that a gentleman being in New York City at one time, went to see the dramatized play of "Uncle Tom's Cabin" and was equally surprised and pleased to see, as part of the scenic performance, a reproduction of the old court house and yard at Washington, as well as Taylor's store on the adjoining corner, with the old sign of "Taylor and Green" above the door. This appears to be pretty conclusive evidence that what was stated in the outset is true.

BEHRING SEA AFFAIR

Secretary Blaine Again Takes Charge of the Controversy.

IN CONFERENCE WITH FOSTER.

A Reply to Lord Salisbury's Last Note. Prospects of Poachers Among the Seals—The Ratification of the Treaty by the Senate Gratifying to the British Behring Sea Commission—Claims of Canadian Vessel Owners—British War Vessels Ordered North.

WASHINGTON, March 31.—Secretary Blaine, in conjunction with the president, has again taken direction of the Behring sea controversy. He was the first caller at the executive mansion yesterday and after an extended conference with the president retired to his residence, summoned J. W. Foster, and together they began framing the reply of the United States to Lord Salisbury's last note. This reply would have been sent Tuesday, but the United States government was awaiting the action of the senate on the treaty between the United States and Great Britain. The reply will probably be sent today.

The ratification of the treaty partially clears the diplomatic sky, and together with the conciliatory tenor of Lord Salisbury's last communication, leads all to believe that a modus vivendi for the protection of the seals, pending the decision of the board of arbitration will be mutually agreed upon. A step in this direction is the announcement from Victoria, British Columbia, that clearances are being refused vessels to go to Behring sea. While this may show a disposition to accede to the changed condition of the Behring sea affair, it is regarded in official circles as somewhat on the order of locking the stable door after the horse has been stolen.

Nearly a hundred vessels have already cleared for Behring sea from Victoria and are cruising along the coast. They will not enter there until June or July, when the seal begins to head for the seal islands. It is a question whether, if they are spoken between now and then, they can be warned by the United States revenue cutters or men-of-war outside of Behring sea, not to kill seals, and if they go into them, the chances are largely in the poachers' favor that they will not be caught up with. It is stated at the treasury department that the revenue cutters could be made ready within a week to go to Behring sea, but it is not expected that they will leave San Francisco before May 1. Last year they did not leave until June.

Gratified at Ratification.

LONDON, March 31.—Sir George Baden-Powell, British Behring sea commissioner, expresses himself highly gratified with the ratification of the treaty of arbitration by the United States senate. He says he never entertained any doubt, however, that the treaty would be ratified. Sir George held a conference at the Queen's hotel, Queenstown, with Mr. George E. Gladstone, of the treasury department, on the subject of the latter's mission.

Bearing on the Behring Sea Matter.

VICTORIA, B. C., March 31.—Orders have been issued to her majesty's steamship Champion that when she arrives here she will coal and proceed north at once. The Wasp is expected on Sunday. The Champion's orders are thought to have a bearing on the Behring sea matter. No American government boats have yet gone north.

Claims from Vessel Owners.

OTTAWA, March 31.—Hon. C. H. Tupper, minister of marine and fisheries, says that he has received thirty or forty claims from vessel owners, amounting to \$500,000, for damages in connection with delay and abstention from fishing in Behring sea. It is stated that several other claims will shortly be received.

PUBLIC SENTIMENT CHANGED.

A Man Refuses to Give Evidence Against Alleged White Cappers.

ENGLISH, Ind., March 31.—Since Church Mattox's removal from Crawford county and his refusal to give evidence against the men whom he accused of White Capping him, coupled with the avowal that he only "thought they were the ones," public sentiment has changed, and it is now as bitter against Mattox as it was formerly against the accused. Grave doubts exist as to whether he was molested at all.

Rev. Albert Jones and Rev. A. J. Scott, who were numbered among the list of his alleged assailants, have gone to much trouble, and they are able to prove by numbers of first-class citizens where they were on the night in question, and that they were not concerned in the affair. These men are naturally indignant over the publicity given to the affair, for which Mattox was responsible.

Outrages by Range Rustlers.

CHEYENNE, Wyo., March 31.—Word from Johnson county of newer and bolder outrages by range rustlers. They have been shooting down horses and cattle for a fortnight, and scores of carcasses lie on the feeding grounds. The prairie pirates select the property of large owners, who have been vigorously endeavoring to stop the stealing. One rider reports seeing a number of animals bearing Senator Carey's brand, with several rifle bullets in each. The thieves are running Johnson, Natrona and Converse counties. They declare that they own every hoof in the state subdivision, and defy the law. Nearly every prominent range owner has been warned that he will be killed if he visits the rustler district.

Labor Troubles Settled.

TORONTO, March 31.—The conference between conductors, trappers and officials of the Grand Trunk has resulted on a mutually satisfactory agreement. The company has agreed to a rearrangement of the classification in the various grades, removing the objectionable features as represented by the men and has agreed on a more liberal basis of payments for what is termed detentions.

DEEMING'S DEEDS.

The Police Believe Him Guilty of Another Murder—The Insanity Dodge.

MELBOURNE, March 31.—The police here believe they have discovered proof that Deeming, the perpetrator of the Rain Hill murders, in addition to his many other crimes, murdered a man named Keays, with whom he went to the Cape of Good Hope from Australia in 1888. Deeming, they say, subsequently wrote to friends of Keays in Sydney that Keays had died in the Transvaal gold fields.

The lawyer who has undertaken the defence of Deeming says that he has conclusive evidence that the prisoner is insane. Deeming was mentally deranged he says, when he lived in Sydney, and several persons who knew him there will be produced at the trial to testify that he was often wild and incoherent in his conversation, and was regarded as irresponsible.

His former landlady, Mrs. Deeming's counsel says, is ready to testify that he complained to her of being haunted by ghosts, who roused him in the night by knocking on the bed and opening and shutting his trunks. Twice, Mrs. Taft says, Deeming ran down stairs in his night clothes shouting that somebody was trying to murder him. He had his room changed, but continued to complain of ghosts until Mrs. Taft gave him notice to leave.

Other witnesses will be brought forward, it is said, to prove that Deeming changed his place of business in Sydney, because, as he said, there was a conspiracy to murder him in his office.

TWO OUTRAGES

So-Called "Scabs" Having a Very Unpleasant Time.

INDIANAPOLIS, March 31.—The men who stood by the street car company in the last strike and refused to go out are having anything but a pleasant time. Some one stretched a barbed wire across the track on the College avenue line, between an electric pole and a hitching post, the other night. It was placed high enough to strike the motorman. Walter Shelby one of the so-called "scabs," was struck by the wire on the shoulder, but his car was going slow and he escaped injury. Had the car been running at a high speed and the wire struck his throat it would have strangled him. On the down trip he found the wire again, but stopped his car in time to prevent injury.

A. L. Brown, driver of car 181, on the Virginia and Indiana avenue line also had an unpleasant experience Monday night. Between 11 and 12 o'clock his car was turning on the table on West, near Sixth street. A party of men, some of whom Brown says wore the uniform of the Citizens' street railway, ran out from an alley, and began stoning Brown and the car. One of the missiles struck Brown on the hand. The windows of the car were broken and the front caved in. The damage was so great that the car had to be taken to the repair shop. One or two stones nearly hit Brown's head.

Little Girl Preacher.

MARTINSVILLE, Ind., March 31.—Fannie Edwards, the little girl preacher who is creating such excitement at Gosport and who is but fourteen years of age, has been preaching for the past four years. Her home is in Louisville. She claims to have received her knowledge of the Bible by close study and prayer, and is conceded to surpass many divines of mature years. While she is a Methodist her father and mother belong to the Baptist denomination. She enjoys a romp with the children during her leisure hours, but is a power in the pulpit, and the church can not accommodate the crowd.

Fire in a Hotel.

BOSTON, March 31.—Clark's hotel, on Washington street, was badly damaged by fire which broke out at 4 o'clock yesterday morning. The guests, awakened, to find themselves enveloped in smoke, became panic-stricken, and three of them were injured. They are Edward W. Perry, of Leominster, Mass., broken rib, internal injuries, scalp wound and badly burned; probably fatal. Thomas W. Southward, of Cambridgeport, both legs broken, and another man named Stockwell, of Laconia, N. H., was also broken. A number of other guests were bruised.

Crook Captured.

INDIANAPOLIS, March 31.—Governor Chase yesterday afternoon pardoned William Gillen, who has been in prison here sixty days on a jail sentence for petit larceny by the authorities, and the view of ascertaining whether he was wanted elsewhere as an all-round crook. Yesterday morning Officers Lawler and Rowan, of Chicago, came down and asked that he be pardoned, in order that he might be taken to Chicago, where he can be tried for greater crimes. The officers say Gillen is one of the most dangerous crooks in the country.

Swindling Clerks Arrested.

CHICAGO, March 31.—Robert E. Whitaker and Burt Smith, the two board of trade clerks who swindled Lanson Brothers, brokers, out of \$50,000 two weeks ago and fled from justice, ventured back to Chicago Tuesday and immediately arrested. Bail for the two young men was fixed at \$10,000 each, but they have not yet secured bondsmen. Neither of the defendants appeared at all discomfited over their arrest and both accompanied the constable to the court without any pretension of resistance.

Kentucky for Harrison.

LOUISVILLE, Ky., March 31.—The Republicans held their state convention here yesterday. Major A. T. Wood presiding. The platform adopted endorsed the McKinley tariff bill and the Blaine system of reciprocity; protests against the free coinage of silver; indorses the administration of Harrison and recommends that the delegates to the national convention vote for his renomination.

Horses Cremated.

BRAZIL, Ind., March 31.—The fine stables belonging to M. H. Johnson, of the Jackson Coal and Mining company, burned about 11 o'clock last night. Five valuable horses were cremated, among them one valued at \$2,000 and another at \$1,000. The fire is supposed to have been the work of an incendiary. The loss is about \$6,000.
